

We understand that you are considering LPFM broadcast servicing which would affect K-LOVE radio. We listen to K-LOVE on a regular basis (88.3) and appreciate being able to listen to this national station in our local area. We know of many people who listen to and support K-LOVE and would miss it greatly if it were replaced by a LPFM station. This station has family-friendly programming and supports wholesome values that our country needs. Please keep K-LOVE on the air in our area. Thank you. *Tom and Joy Schmidt Family
